

MM-DIA Dataset End User License Agreement (EULA)

How to Request Access

MM-DIA is released as a gated dataset on HuggingFace. To obtain access:

1. Read the full license terms below.
2. Complete the Access Request Form at the bottom of this document.
3. Send the completed form (or a signed PDF copy) to jinzeyu23@mails.tsinghua.edu.cn with subject line `[MM-DIA Access Request] <Your Name>`.
4. Upon approval, you will be granted access to the HuggingFace repository automatically.

Typical response time: 3-5 business days.

End User License Agreement

Effective upon submission of the Access Request Form

This End User License Agreement ("Agreement") governs your use of the MM-DIA dataset ("the Dataset"), made available by the research group of Prof. Jia Jia at the Department of Computer Science and Technology, Tsinghua University ("Licensor").

1. License Grant

Subject to the terms and conditions of this Agreement, the Licensor grants you a non-exclusive, non-transferable, revocable, royalty-free license to use the Dataset solely for academic, non-commercial research purposes.

2. Restrictions

You shall not:

- a. Distribute, sublicense, sell, or otherwise make the Dataset or any portion thereof available to any third party without the explicit prior written consent of the Licensor.
 - b. Use the Dataset for any commercial purpose, including but not limited to product development, commercial data services, or monetisation of derivative works.
 - c. Attempt to reconstruct, redistribute, or publish the underlying raw video or audio material from movies and TV series contained in the Dataset. The Dataset is provided as research annotations and processed audio files; the corresponding raw media must be independently obtained by the researcher in compliance with the rights of the original content owners.
 - d. Attempt to identify, re-identify, or de-anonymise any individuals (actors, background persons, or others) present in the Dataset.
 - e. Use the Dataset in any manner that violates applicable laws, regulations, or ethical standards.
 - f. Remove or alter any copyright notices, attribution statements, or other proprietary markings accompanying the Dataset.
-

3. Data Format and Raw Media

The MM-DIA dataset is released in the following forms:

Modality	Released Form	Notes
MM-DIA-BENCH	Video + annotations	309 benchmark clips available on HuggingFace
Annotations (JSON)	Released directly	Available after EULA acceptance on HuggingFace
Audio (wav)	Processed audio files	Available after EULA acceptance on HuggingFace
Video (full dataset)	Not directly released	Code provided to align and extract clips from user's own movie sources

Because the audio content is derived from copyrighted film and TV productions, it is released exclusively for non-commercial academic research. If you use the audio in your research, you agree to cite MM-DIA and not to redistribute the audio files.

4. Privacy Protection

You agree to take all necessary and reasonable measures to ensure the privacy and confidentiality of any personal information contained within the Dataset. You shall not attempt to identify individuals within the Dataset and shall refrain from any actions that may compromise the privacy of data subjects.

5. Ethical Use

You acknowledge the importance of ethical considerations in research and commit to using the Dataset in a manner consistent with established ethical standards. You shall not engage in activities that may result in harm, discrimination, privacy violation, or infringement of human rights.

6. Intellectual Property

The Dataset annotations, processing pipelines, and associated documentation are protected by copyright and intellectual property law. All rights, title, and interest in and to these materials remain with the Licensor. Any modifications, derivatives, or outputs produced using the Dataset do not grant the user any rights over the underlying Dataset.

7. Security

You agree to implement reasonable security measures to prevent unauthorised access, disclosure, or misuse of the Dataset. In the event of any unauthorised access or disclosure, you shall promptly notify the Licensor at jinzeyu23@mails.tsinghua.edu.cn.

8. Citation Requirement

Any publication, presentation, or product that uses MM-DIA must cite the following work:

```
@inproceedings{j2026mmdia,
  title = {From Natural Alignment to Conditional Controllability in Multimodal Dialogue},
  author = {Jin, Zeyu and Zhou, Songtao and Wang, Haoyu and Tian, Minghao and Yun, Kaifeng
    and Chen, Zhuo and Qin, Xiaoyu and Jia, Jia},
  booktitle = {The International Conference on Learning Representations (ICLR)},
  year = {2026}
}
```

9. Disclaimer of Warranties

The Dataset is provided "as is" without warranty of any kind, express or implied, including but not limited to warranties of merchantability, fitness for a particular purpose, or non-infringement. The Licensor makes no warranty that the Dataset is error-free, complete, or suitable for any specific application.

10. Limitation of Liability

In no event shall the Licensor be liable for any direct, indirect, incidental, special, or consequential damages arising out of or in connection with your use of the Dataset, even if the Licensor has been advised of the possibility of such damages.

11. Term and Termination

This Agreement is effective upon your submission of the Access Request Form and remains in force until terminated. The Licensor reserves the right to terminate this Agreement and revoke access to the Dataset at any time if you breach any term of this Agreement.

12. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the People's Republic of China, without reference to conflicts of law provisions.
